

## Premium Flavors

**\*Keep in mind that the frosting on any cake can be changed to vanilla buttercream whether due to customer preference or to accommodate custom decoration.**

**Garnishes may be omitted as well if they interfere with custom designs.**

Some flavors will not lend themselves well to being custom decorated, so we can keep the flavor inside the cake layers and frost the outside with buttercream in order to add fondant, color, etc.

All Flavor cakes are approximately 5" tall and come with three layers of cake and two layers of filling.
